ESM-101W Stair Mill Machine White

Specification: "N.W-200kg

G.W-220kg

CBM-7.2"

Size (L*W*H) (1450*880*2140)

Features: The stair climber provides a great cardio workout that's easy on your joints but at the same time builds pretty much every muscle in your legs and bum due to it being a weight-bearing exercise. The repetitive step motion helps tone your lower body whilst working your core muscles at the same time
